AND YES!

JADE is a Corporate agency; we do not wish to compare our services and rates with freelancers and those who charge less. We operate on a very professional scale, to give results.

We are willing to take projects that involve huge investment as we have the men, material & money to ensure that workshops are executed in the most professional manner.

JADE is the only agency that offers workshops for all the years on different levels.

A GOOD OUTCOME COMES FROM COMMITMENT,
THIS GUARANTEE COMES FROM JADE AS WE HAVE A
GROUP OF LIKE-MINED PROFESSIONALS WHO ARE
THE MOTIVATING FACTORS.

JADE

We take this opportunity to introduce ourselves as JADE TRAINING RESOURCES, an Organisation founded to serve people at large through Training and Counselling based at Bangalore with Principal Office at Michigan, USA.

We began our operations way back in 1995 with a mission to bring about a transformation in people. We have been in this avocation and have completed innumerable workshops with some of the most reputed Technological Institutions in South India, all of whom are very much satisfied about the radical change that was brought about among the students.

At JADE, we just don't believe in mindless applications just for the sake of doing it, rather a run-of-the-mill programme just to fill the temporary void.

JADE is a thoroughly professional and multi-dimensional training outfit with no short-cuts and eye-washing techniques with make-shift resource persons who have a hollow training experience.

Our Training experts are capable of penetrating deep into the minds of youngsters and will come out with an evaluation as to where a student stands where his/her intellectual strengths are concerned. The next step is to apply the process of training.

Our workshops are completely participant-centred and highly interactive in nature with multi-dimensional activities and specialized techniques such as:

SWOT (Strength, Weakness, Opportunities and Threats), PEST (Political, Economic, Social and Technological Analysis), STEER (Socio-cultural, Technological, Economic, Ecological and Regulatory factors).

This enables the Students to take the intellect driven growth decisions and apply with self driven qualities. This also enables the students to identify their inner potential. Our efforts are to gear them to do well in life.

We have been proving our mettle as we are known for our Professional ethos and unmatched qualities in all aspects.

AT JADE WE BELIEVE IN TRAINING PARTICIPANTS WITH PLEASURE RATHER THAN PUTTING THEM UNDER PRESSURE.

WHY YEARWISE?

When a student is in the third year, he/she is exposed to Group Discussion and Interview Skills. Most of them do not have the basic knowledge of English and Communication. Hence it is desirable that the process of training begins in the first year itself so that a student will come to a level when he/she is in the final stages of his Course. We have structured four levels of Programmes right from the first to the fourth year which is gradual.

WORKSHOP?

We call our Training 'Workshop' for a simple reason. That is because we make the participants do rather than we doing and they seeing it. We do not believe in explaining to a person how to swim, it has to be shown practically. The entire workshop is a blend of theory and practical's apart from audio-visuals, group dynamics and the like.

The complete session is participation-centred and brings out the best from them through our methodology 'Learning by Doing.' When this is done, the retention levels are high. We conduct workshops rather than facilitate mere lectures. This, we do to arouse interest in the participants.

THE JADE WORKSHOP PLATFORM

Our Workshop primarily revolves around the three processes. That is:

1. Facilitation – *to the best*
2. Interaction – *to the fullest possible extent*
3. Derivation – *to the maximum.*

It is only pepped up with:

1. Substance – *that is original*
2. Sequence – *that is well researched and planned*
3. Showmanship – *that is professional and captivating.*

WHY YEARWISE?

We have done our own finding to train students effectively.

In the first year we ensure that students are counseled.

In the second year we harp on the SAT (self Assessment Test).

In the third year we conduct Mock Interviews.

In the final year we Groom the students.

This process makes them complete in all aspects.

JADE was formed Twenty-eight Years ago with a Vision

PATHFINDING*

We have got our leadership principle, a clear and consistent Vision. If you want to galvanize the followers, we simply cannot keep changing our message, our professional ethos and our specialized way of training and counseling.

Our message, vision, the mission and the logic are simple but very inspirational. Though we have taken up this as our profession, at the time of founding this Organisation itself we have felt our responsibilities to shoulder, to create and edify the students more of qualitative method. Our prime aim is to create Utopia which is possible only with the involvement of students. At the end of our Workshop one can be assured about a transformation in the student's mind. Students will feel fresh and their minds filled with new hopes and new horizons.

Our PATHFINDING Workshops are poised on three principles, viz (a) Clear and consistent vision (2) Execution (3) Association with the high profiled. The above principles have now been designed to a FINISHING SCHOOL PROJECT to suit the students and to fit to the situations which is more practical in nature.

Our training sessions are on vivid modern management thoughts. After undergoing the training sessions, we can prove that every student has got the inclination and is refined mentally to see this world afresh without any hassles in their career growth that too with the real competitiveness and thorough professionalism. After our workshop's students will have an elevated altitude of their attitudes to soar new heights.

It is our commitment to meet the growing demand that has always kept us on our toes and put us on the growth trajectory.

The philosophy of our growth goes with our universal and our team's unified philosophy values that is 'when we take care of other's needs, our needs are eventually taken care by themselves.' Hence our needs correlate to the real needs, but it pertains to our quench for the new titles, topics, training slots etc.

That's how we as a team of professionals have dedicated ourselves to evolve successfully as thinkers, writers, trainers and counselors.

CONTENTS

All **JADE** workshops have been designed to suit specific needs and may vary for each Module. The workshops are completely activity-oriented and interactive based on practical examples and Techniques which arouse an interest in the participant. Power Point Presentations, Audio Visuals, Video Clippings and other material-based activities constitute the sessions.

Group Dynamics is another feature of this workshop and that is what makes the vast difference in the complete training process.

TAPPING AND TOPPING

We have different types of people in the world today. We have achievers and have paupers. We have people with tremendous potential - *who know about it but are unable to unearth it*. We also have people who have tremendous potential – *who do not know about it*.

This is where we play a role by helping students to unearth the potential in them and also bringing the latent skills that are hidden in them.

We help a student with a potential to top his resources for his well being. We also help people who have the potential deep inside them by tapping it for them. Hence, we play a role in either way to help students to realize the vast resources in them. Our ultimate aim is to prove to students that each one is a potential genius.

WORKSHOP BLEND

No one will like anything that is monotonous. Same is the case with our workshop. We have a variety of activities to offer in our workshop. Indeed, the sessions are a blend of ancient wisdom and modern techniques which serves as a balancer in our presentation. All our applications are need-based and is applied in the right time and to the right people.

DOING DIFFERENTLY

Every one does something, some overdo it, and others do nothing. We have an edge over here. We neither overdo things, nor skip anything. That is why we have claimed that we do not have any fly-by-night operations. We have researched and designed several activities in the workshops which are relevant to the areas covered and apply them.

We however state that 'we do things very differently' and in a unique manner. That is what makes our workshops unique, popular & interesting.

JADE has solutions for those who have potential as well as those without.

-  Management.

OPINIONS

We have recorded certain comments by the students who spoke to our Training Experts while we were conducting a workshop in an Institution.

It will be nice to know the Seven Steps to Success as I do not know how to succeed.

I have very little idea about Public Speaking & Body language.

I want to develop my Leadership & Presentation Skills.

Manners & Etiquette play a very important role in life, I want to know more about it.

I have to plan my Ambition, I need to know how to go about it, I have no ambition as such.

Human Relations is important, at times I have failed, I want to know how to build it.

Management is an art, I need to master that art, I need such tips.

DURATION

Basic

Duration - Three Day Workshop (3)

Hours - 6 X 3 = 18 Hours

Type - At a stretch.

Advanced – Recommended Workshop

Duration - Seven Day Workshop (3 / 2 / 2)

Hours - 7 X 3 = 21 Hours

Type – Staggered

Gap – Minimum of one week and a maximum of 30 Days.

Comprehensive

Duration - Ten Day Workshop (3 / 3 / 2 / 2)

Hours - 10 X 3 = 30 Hours

Type – Staggered.

Gap – Minimum of one week and a maximum of 30 Days.

NO. OF PARTICIPANTS

As stated earlier, the lesser the number the better results can be derived. A huge group can only be given a seminar which will not be useful in any way.

FOLLOW UP

Being the last year the FUP will be stringent where the Faculty members will evaluate every level of training that the student has undergone.

REPORTS

A final job worthy report will be given to the Institution for suitable action. An individual report will also be given to the student on his/her Soft Skill levels provided the Institution gives the JADE team ample time to evaluate and assess each student.

OUTCOME

The Workshop outcome will depend on the number of sessions a student has attended from the first year. There will be no rewinding of topics; those failing to attend sessions will be advised to get ideas from participating students.

JADE is the only training 'O' that trains people from 'all walks of life.'

FACULTY

The complete sessions are handled by Dr. EMMANUEL ANTHONY DAS who heads JADE. He is an expert in Soft Skills. He has a triple background of research, industry and training.

He is a master trainer, creative writer, a great motivator and a master strategist who is responsible for the transformation that has taken place in the lives of several students, parents, teachers and professionals working at different levels.

His three strengths are:

1. Substance
2. Sequence *and*
3. Showmanship.

He is an expert in the triangular aspects such as:

1. Conceiving
2. Designing *and*
3. Conducting workshops.

After the workshops he studies various aspects and dimensions for its improvement. He also evaluates, does video analysis and creates Training reports.

He is a past pupil of Don Bosco, the best boy of the year 1984 at School, an alumnus of LIBA and is the winner of the Rotary Lifetime award 2009.

There are also other training experts who assist him in the JADE Workshops. Kindly note: we do not engage the services of Freelance Trainers.

INVESTMENT

The workshop fee per Student is:

- Rs. 2500 – 400 AED for a 10-day advanced workshop.
- Rs. 1750 – 300 AED for a 7-day long Workshop.
- Rs. 1500 – 200 AED for a 5-day Workshop.
- Rs. 1200 – 150 AED for a 3-day workshop.

Alternatively; a Faculty fee of Rs. 25,000 [India] 2500 AED [UAE] per Faculty per day (not exceeding 50 Students) is also acceptable to us. There is a discount for group bookings. Also note we do not conduct Seminars accommodating large number of students.

The Institution must also pay levies and other charges on the billed amount.

HERE'S WHAT THEY SAY

One of the best workshops I have attended in my entire life and career. Dr. Emmanuel and his workshops are just Superb, no words to describe his professionalism, knowledge and the way in which he takes the students along, really good.

Dr. Y R M Rao – Dr Pauls Engineering College, Pondy

The way in which Dr. Emmanuel and his team held the training workshop was AWESOME! The methodology used was excellent, the structure was exceptional and the substance was just admirable. Hats off to this team for such a brilliant performance.

Dr. C G Ravichandran – SCAD Institute of Technology

Dr. Emmanuel and JADE is one of the best experiences I have had in my entire life. His workshops are so empowering, touching and has depth that is not just useful but changes the mindset of humans too.

Dr. Gunasekeran – SNS Institutions, Coimbatore

I have worked with Dr. Emmanuel and his team in three Institutions; his workshops are superb; his presentation professional and above all students benefit largely from his sessions.

Dr. Arun Parwate – C K College of Engineering, Cuddalore

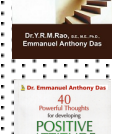

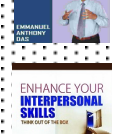

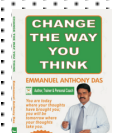

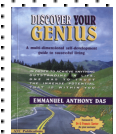

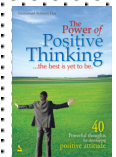

The Sessions conducted by Dr. Emmanuel and his team is empowering and very useful for all our Students, they have such an approach towards the mindset that students benefit largely from it.

Dr. A K Bakthavatsalam – Head NIT Trichy

That was a wonderful workshop conducted by Dr. Emmanuel and JADE. All our Students enjoyed it and have been applying the theories and techniques in their day to day basis. Hats off to Emmanuel and his team for the great job done.
