Greetings! From JADE TRAINING RESOURCES, CEO.

JADE INCEPTION

Since 1995 developing over the years adding more and more Modules and reaching out to more and more Leaders - Managers - Professionals - Faculty - Teachers - Executives and other category of People.

THE JADE WORKSHOP PLATFORM

Our Workshop primarily revolves around the 3 processes.

That is:

1. Facilitation – *to the best*
2. Interaction – *to the fullest possible extent*
3. Derivation – *to the maximum.*

It is only pepped up with:

1. Substance – *that is original*
2. Sequence – *that is well researched and planned*
3. Showmanship – *that is professional and captivating.*

VISION

We have focused on Training People from all walks of Life, from a Student to a top-level Manager, not to mention the importance of Training for Laypeople, where he/she can change attitudes and enhance skills where he/she will develop. We would have a positive Society if everyone is developed.

Our ultimate goal is to make 'this World a better place to live.' This, we will do through our Soft Skills Training, Counselling, Management Consultancy and Interaction with Staff.

Yet, training and development initiatives aren't often a top concern for many Organizations today. This, of course, is not surprising given that Leaders are faced with more pressing issues, such as reimbursement, compliance, attrition, quality and beyond. However, Training and development is an important area that Leaders should assess often.

Our Aim Is To Train People In A Manner Such That They Find The "JADE WORKSHOPS" A PLEASURE, We Do Not Believe In Putting Our Participants Under PRESSURE.

AND YES

JADE is a Corporate agency; we do not wish to compare our services and rates with Freelancers and those who charge less. We operate on a very professional scale, to give best results. Apart from this all our Sessions have depth, meaning, purpose and can hold the attention of Participants.

NEED ANALYSIS

Before we do a Session, we conduct a need analysis to find out the requirements and then go about the Training process just to make it effective and useful.

AND YES!

Companies only look at the Money spent on Training. The benefits of Soft Skills Training are more than the amount spent to Train Staff/Employees.

OUR PERCEPTION

At JADE, we just don't believe in mindless applications just for the sake of doing it, rather a run-of-the-mill Programme just to fill the temporary void.

JADE is a thoroughly professional and multi-dimensional Training outfit with no short-cuts and eye-washing techniques. We have no make-shift resource Persons with hollow Training experience.

Our Training experts are capable of penetrating deep into the minds of Trainees who come out with an evaluation as to where his/her intellectual strengths are concerned. The next step is to apply the process of Training.

Our Workshops are completely Participant-centred and highly interactive in nature with multi-dimensional activities and specialized techniques such as:

We also adopt SWOT (Strength, Weakness, Opportunities and Threats), RCA (Root Cause Analysis), STEER (Socio-cultural, Technological, Economic, Ecological and Regulatory factors).

WORKSHOP?

We call our Training a 'Workshop' because it revolves around facilitation, interaction, and derivation with the involvement of each Participant. There are no boring lectures, and lengthy audio-visuales. It's just Training, involvement, action games etc. We believe in making our Participants 'to do' rather than tell them 'what to do.'

WORKSHOP BLEND

No one will like anything that is monotonous. Same is the case with our Workshops. We have a variety of Activities to offer. The Sessions are a blend of ancient wisdom and modern techniques which serves as a balancer in our presentations. All our applications are applied in the right time and to the right People.

AND YES!

Quite a lot of Companies are finding it difficult to cope with pressures for which solutions can be found.

IF AN ORGANIZATION IS IN TROUBLED WATERS AND IS IN SIGHT OF SINKING, WE HAVE THE LIFE-BOAT AND NECESSARY EQUIPMENT TO BAIL YOU OUT.

JADE MANAGEMENT CONSULTANCY

YOU MAY REQUEST A COMPLETE BROCHURE

This process consists of the following:

1] Personal Coaching. 2] Mental conditioning. 3] Mentoring. 4] Company policies. 5] Guidelines. 6] Transforming Wheeler-dealers to current trends. 7] Structuring flow of work. 8] Reporting. 9] Restructuring system. 10] Analysing. 11] Accountability. 12] Overall growth.

COMPANY RESTRUCTURING

You must be aware; without proper planning, a Company reorganization process can go wrong. At times the top Management will be very strong and the foundation weak, in this case the Company takes a hit.

There are also occasions where the lower strata of Employees are well groomed without a proper Head. In both the cases the Company may suffer damages.

‘A Lion heading a flock of Sheep is better than a pride of Lions headed by a Sheep.’

Hence a Company reorganization process must be undertaken with sensitivity, strategy, and foresight. If you’re planning to shake up the work lives and processes of an entire Company, then the key to success is planning and communication.

OUR PERSONAL GUARANTEE

SEQUENCE

SHOWMANSHIP

Here are the opinions of participants of the JADE Workshop.

So many activities under one roof, this is the first workshop of its kind I have attended.

Some of the best motivational stuffs were presented here.

Mubarak Ahmed - Karnataka Government Secretariat.

An ideal treat for us participants. Our success depends on the number of activities they conduct and I got the maximum.

Sqn. Ldr. R. Jayasimha – Motivational Trainer.

It was a beautiful experience of my life, if I would not have attended the JADE workshop, I would have made a great mistake.

Dr. Chandraprakash - NIMHANS

I have attended several programmes in India and abroad. This one I must tell you is a very unique one with several activities.

Syam, K-Link Singapore

I came with a clogged mind for the Workshop, but the location, facilitation and delivery changed my opinion about training drastically.

Brian Corrie – The Federal Bank

Waking up early, jogging, meditation, laughter, discussions, role-play, games and what not. I enjoyed every moment of it.

Mrs. K Sunitha – Housewife

I have never been through such an experience- especially after the regular chores of legal acts. For once I was a child and not an Advocate.

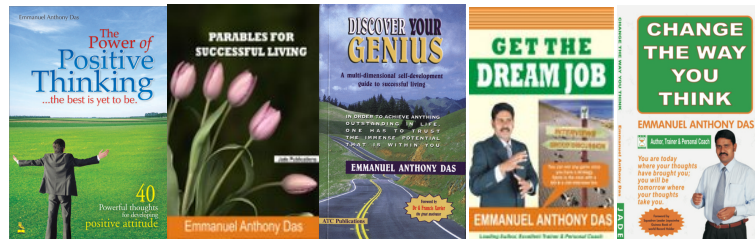

K. Umesh - High Court Advocate

The JADE Workshop was a very memorable experience for me in my life which I will always cherish.

Satyanarayana Raju – Builder & Motivator
